

## **Vista Center Expansion Public Art Project**

### **AMENDMENT #1 - RESPONSE TO ARTIST'S QUESTIONS**

- Q1:** We have a solution for these requirements, and the selected artist is encouraged to request custom made outdoor tile samples. If you maintain a sample library, please contact me for a spec sheet and free materials. I can also provide locations in Florida to see our projects.
- A1:** Palm Beach County does not maintain a sample library.
- Q2:** Our Company is located in the State of Florida with offices in Miami. Do we need to have an office in Palm Beach County to qualify?
- A2:** Applicants do not need to have an office in Palm Beach County to qualify. Per the Call to Artists section G. Mandatory Pre-Proposal Conference Call for Shortlist Artists, prior to the Pre-Proposal conference call shortlisted artists must register their business entity at [Corporations - Division of Corporations - Florida Department of State \(myflorida.com\)](https://myflorida.com/corporations)
- Q3:** Could you clarify whether Canadian artists can apply for this project? Your email says so, but upon opening the RFQ link, it appears that it's a project only for US artists!
- A3:** This Call to Artists is open to artists whom are residents of the U.S.A as well as to artists that reside everywhere else in the world. Per the Call to Artists section G. Mandatory Pre-Proposal Conference Call for Shortlist Artists, prior to the Pre-Proposal conference call shortlisted artists must register their business entity at [Corporations - Division of Corporations - Florida Department of State \(myflorida.com\)](https://myflorida.com/corporations)
- Q4:** I have reviewed the requirements for the above artist call. The guidelines mention under section "B." of Design Goals- "That the artwork should complement the architectural style and scale". The architect Leo A. Daly is a very well-known firm, but they work in many styles. Are there any exterior renderings available?
- A4:** Shortlisted artists will received construction documents and architectural renderings after they complete a Non-Disclosure form. Please note the architect of record for this project is Song & Associates, not Leo A. Daly.
- Q5:** Is there any way that I could participate being a photographer not a painter or artist?
- A5:** It is up to each artist to determine how and/or if their media has applicability for this project.

**End of Amendment #1**
